COOKER

44481 Sindy's magic cooker

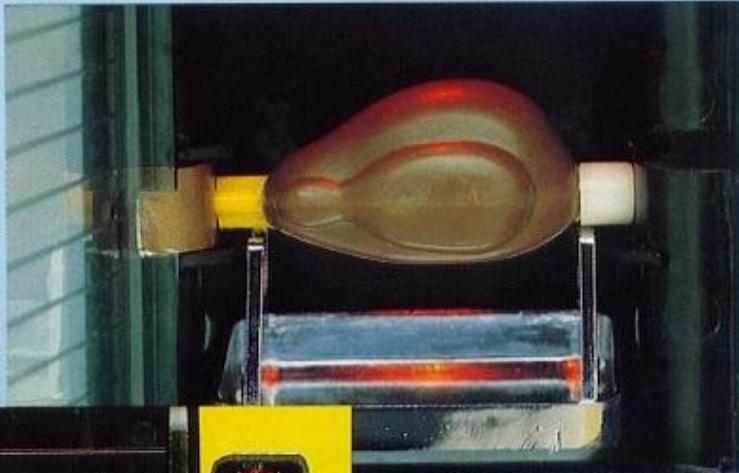

This battery operated cooker has all the aspects of a real cooker except heat. The four hobs have a magic ingredient that enables you to HEAR WHAT'S COOKING.

Put the kettle on any of the hobs and you hear it build up to a whistle – and die away when removed. Put the pressure cooker on any hob and it builds up to an intermittent hiss. Sausages crackle and sizzle in the frying pan and potatoes boil and bubble.

The magic cooker can sense what's cooking and make all the right noises at the right time and in any combination.

The grill/rotisserie has an automatic light. The oven has an automatic light and a timed buzzer to tell you when the chicken is cooked.

Lights up when in use.

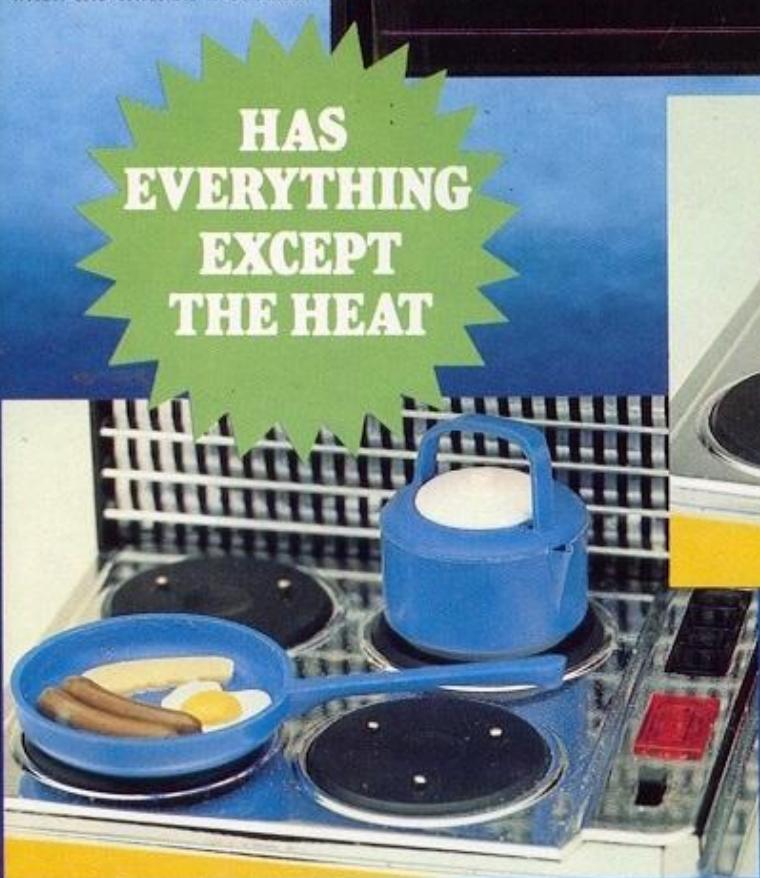

Automatic light and oven timer.

Realistic noises - on any hob.

**HAS
EVERYTHING
EXCEPT
THE HEAT**

Sausages sizzle.

**The kettle whistles/
builds up to a whistle.**

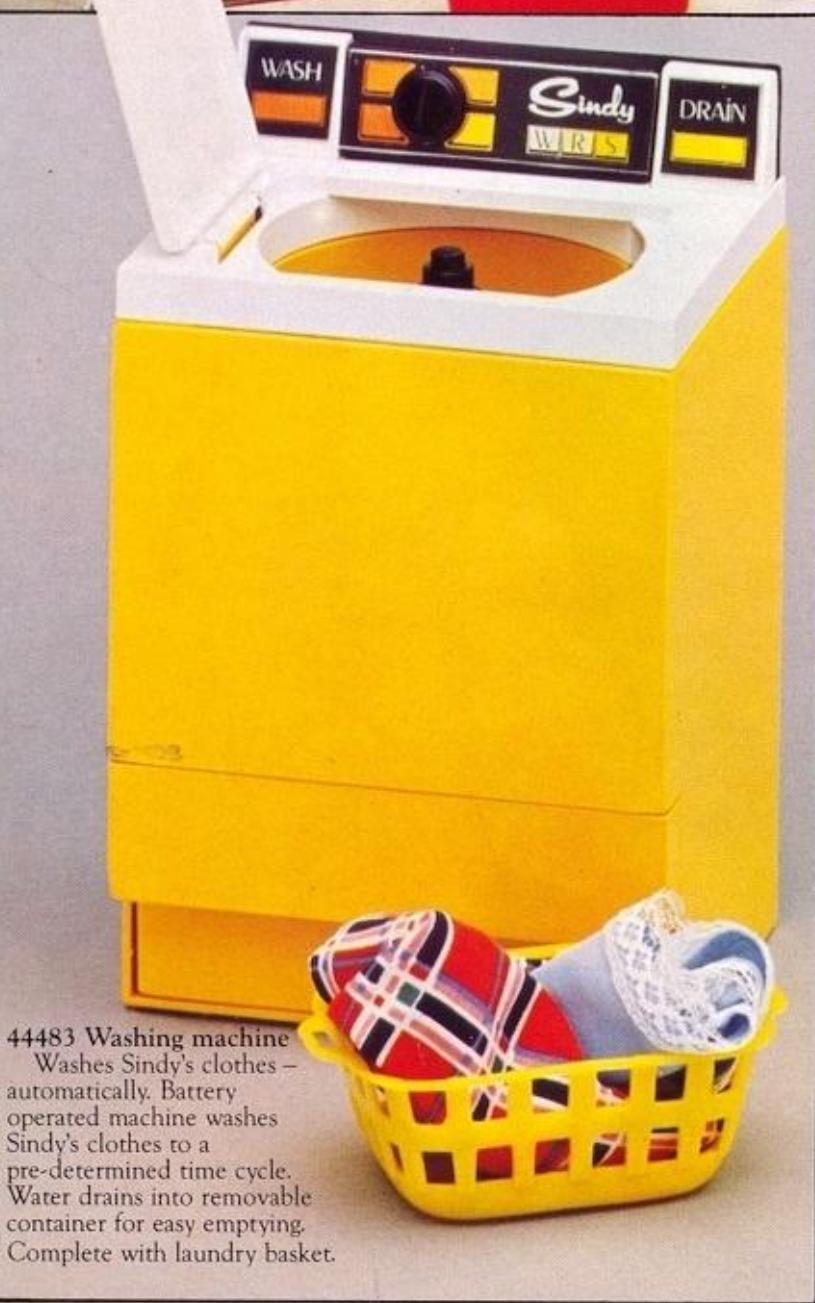

Pedigree®
